(L-R): **Mary Scheide, Kari Jaeger,** - Bernie McCoy Community Service award recipient, **Kari Gorr** and **Paul Stein.**

2017-18 Community Education Advisory Council, Award Recipients

The Advisory Council values the many contributions that are made annually on behalf of Hastings Community Education and continue to support our annual Awards program. This year we are very pleased to recognize two individuals for their achievements and contributions to Hastings Community Education.

The **2017-2018 Community Education Lifelong Learning (CELL) Award** was presented to **SUSAN HERR**. The CELL Award is presented yearly to a Community Education instructor whose work supports and exemplifies the concept of Lifelong Learning. Susan teaches our Zumba Gold program at Tilden Community Center. Susan inspires participants to do more, do what they can, and keep on going, and keep smiling!

The **2017-2018 Bernie McCoy Service Learning Award** went to **KARI JAEGER**. The Bernie McCoy Community Service award is given to an individual, agency or organization who has exemplified support and service to our Community. Kari is the chair for the Hastings Reads Committee. Hastings Reads is a community-wide reading program that seeks to encourage reading and discussion of books that help us understand the lives and experiences of ourselves and others. Hastings Reads has an impact on residents of all ages. In 2018, almost 1,500 people participated in the month-long program.

The **Community Education Advisory Council 2018 Youth Service Leadership Scholarship** was awarded to Hastings High School Senior **JACOB RICHARDSON**. Jacob has worked several jobs, volunteered at multiple places, played sports, and overcome a few obstacles along the way. However, Jacob states that the most important part of his experiences is the difference he has made in others' lives. We wish Jacob the best of luck while he attends University of Wisconsin Platteville in the fall.
