## MAD SCIENCE

Science Comes Alive!

Grades K-5

Discover how Science Comes Alive with Mad Science! Wonder at the marvels of natural science as you explore how animals adapt to their environments, how bugs defend themselves, and how life can survive at the bottom of the sea. Discover the secrets of science's impact on the brain through magic tricks and art. Explore chemistry as you figure out the difference between solutions and suspensions and experience the power of chemical reactions. Delve into the science of paleontology and learn about life long gone: the dinosaurs! And of course, get a great signature Mad Science take-home every day! Class content varies depending on series length. Visit [mn.madscience.org](http://mn.madscience.org) for class syllabus at your location. Min. 10/Max. 20

## MAD SCIENCE

Techno-Connections

Grades K-5

Connect with technology! Experience the basic forces that make technology possible: use Newton's laws to make things move, convert potential energy into kinetic energy, leverage simple machines to do your work, and use gravity to keep your balance. Explore the world of future technology as you set up a cellular tower relay to track your friends; program and command real robots, construct a taco battery, and make light from a liquid. And of course, get a great signature Mad Science take-home every day! Content varies depending on series length. Visit
