Early Childhood Programs

Dear Early Learning Community,

Welcome to our Winter-Spring semester for the 2018-19 school year! We look forward to continue working with families who have been with us since the beginning of the school year and welcome new participants to join us for our new semester that starts up in February!

Tilden Community PRESCHOOL — “Home of the Little Raiders” — registration for 2019-20 opens on Monday, February 25th. Registration is on a first-come, first-serve basis. We will be offering an all-day option for next year. We piloted our first all-day preschool class this year and it has gone very well. We will continue to offer busing for all of our morning classes. Additionally, our preschool continues to work very closely with Hastings Public School to help prepare children for kindergarten. We continue to align our

work in early childhood to meet the expectations of kindergarten readiness. This has proven to be extremely beneficial to the students we serve. Early Childhood Family Education (ECFE) has added new STEAM classes, which have been an exciting addition to our program. We offer these classes in a series. The first series is engineering and the second series is drama and arts. These are great, hands-on classes geared for our youngest learners. We invite you to get involved in an ECFE class where you are able to not only work with your child in an educational setting, but also have time to connect with other parents.

Our hope is to serve families in a capacity that fosters growth and development for our youngest learners in a positive, nurturing environment. We look forward to working with your family!

Sincerely,

Angie McGinnis, Early Childhood Programs Coordinator

Welcome to ECFE!

Early Childhood Family Education (ECFE) is a family education program unique to Minnesota and is offered in most all school districts within Community Education programming. ECFE helps to support parents through community and early school connection and provides information and ideas that support children’s growth and development from birth to kindergarten.

ATTENTION: All Child Care Providers

The Kindergarten Readiness Leadership Team will once again be providing FREE professional development opportunities for child care providers in the Hastings community. In-services will be in compliance with the licensing expectations and CEUs will be provided.

ELAC (Early Learning Advisory Committee)

Early Learning Advisory Committee members are: Jaci Hansey (Chairperson), Lisa Hurley, Amy Buechler, Lindsay Graver, Lindsey Letendre, Lisa Ciro, and Stacy Elling. Currently, this talented and generous group of parents are focusing their efforts on:

- Organizing our Little Raider Winter Jam.
- Reviewing and advising current program offerings and policies.
- Planning fundraisers benefitting our program.

A sincere thanks to this committee

The ELAC parents offer their time and talents to make our early childhood programs the best! If you are interested in being a part of this committee, please contact Angie McGinnis at 651-480-7678.

Tilden Community Preschool

Home of the Little Raiders!

The education your child deserves...

K-12 is your child's first career. Get it off to a great start!

- Tilden Community Preschool is recognized as a **Parent Aware 4 Star Rating** — their highest possible score.
- Tilden Community Preschool is the only Hastings preschool directly affiliated with Minnesota's District 200 Public School System. That continuity builds confidence when K-12 begins.
- Every Tilden teacher is licensed by the Minnesota State Department of Education. All our teachers and experienced classroom aides meet or exceed every Minnesota state requirement.
- Our adult-to-student ratio is 1 to 10 — with no class larger than 20 students — so every Little Raider gets plenty of personal attention.
- We provide the latest education technology. Most important, at Tilden, technology is never a babysitter or a distractor. It's a powerful tool, used by teachers trained to make the most of it.
- We offer a research-based curriculum of hands-on learning and full-time fun, designed to foster cognition, language skills, social-emotional and physical development.

District 200 Early Childhood Screening Information

All children ages 3-5 in Minnesota are required to attend a district screening prior to attending kindergarten (preferably between the ages of 3 - 4 1/2 years old.)

CONTACT INFORMATION:

If you have questions or would like to sign up for a developmental screening, please call: **(651) 480-7381**

OPENS
Monday,
February 25th**

The Tilden Community Preschool program provides a variety of experiences that contribute to the growth and development of the preschool child and serve as a foundation for later school experiences. These programs recognize that:

- Each child is a unique individual and develops at his or her own rate.
- Parents are a child's first and most important teachers.
- Play is a child's work and is seen as a productive avenue for learning.
- A group experience fosters independence, builds self-confidence, and develops self-identity outside of the child's role in his or her family.
- Early literacy skills are the basis of success in reading.

All Tilden Community Preschool classes include children with identified special needs as well as typically developing children.

Activity and experience involving "hands on" participation is the basis for our preschool curriculum.

Class Size: Maximum class size is 20 students. Adult to student ratio is 1 to 10.

Staff: Our state department of education licensed teachers and experienced classroom aides meet or exceed state requirements for this type of program.

Curriculum: Research-based and centered on cognition, language, social-emotional and physical development.

Bussing: For the 2019-20 school year, limited bussing will be offered. More information to come!

Trip to ... Stages Theatre Company

"The Most Magnificent Thing"

Based on the book "The Most Magnificent Thing", written and illustrated by Ashley Spires.

The design process comes alive on our main stage this Spring! A young girl has a wonderful idea. "She is going to make the most MAGNIFICENT thing! She knows just how it will work. All she has to do is make it, and she makes things all the time. Easy-peasy!" But as the girl tries and fails, repeatedly, she find invention is anything but easy. Working through her anger and frustration, she "smoothes and wrenches and fiddles," and she "twists and tweaks and fastens," until she manages to get it just right.

Thursday, May 9, 2019

Registration deadline: May 2nd!

Sec. 58016A • 10:00 am • \$15/person

Sorry, no sliding fee for trips!

You may want to bring a bag lunch (peanut-free, please) to each on the way home.

~ **TRANSPORTATION TO THE THEATRE** ~

- ✓ Parents and children, ages 3-5 years old
- ✓ Bus will leave Walmart at 8:45 am and will return at approx. 12:30 pm. *(Please park on the end of the Southwest end of the lot closest to Allina Frontage Rd.)*
