

# Youth Activities

*Science*  
IS SIMPLY THE WORD  
WE USE TO DESCRIBE  
A METHOD OF  
ORGANIZING OUR  
CURIOSITY.

## Techno-Connections

Mad Science of Minnesota Grades K-5

Connect with technology! Experience the basic forces that make technology possible: use Newton's laws to make things move, convert potential energy into kinetic energy, leverage simple machines to do your work, and use gravity to keep your balance. Explore the world of future technology as you set up a cellular tower relay to track your friends; program and

command real robots, construct a taco battery, and make light from a liquid. And of course, get a great **take-home every day!**

## Crazy Chemworks

Mad Science of Minnesota Grades K-5

Start your chemistry career off right! Explore the chemistry of everyday life through spectacular hands-on activities with real lab equipment. Learn how to work in a lab, operate different lab equipment, tell the difference between acids and bases, identify chemical reactions, observe chemistry that happens in the blink of an eye, and bond molecules together in ooey-goey slime. Explore the micro-world of molecular chemistry and learn about the three states of matter, delve into the secrets of hydrogen bonding, and explore the molecular make up of bubbles. And of course, get a great **take-home every day! (Skip 4/22)**
