

## Do your children need a little extra food over the weekends?

Hastings Public Schools are participating in a free weekend food program for kids. This program will be held throughout the school year and is available to any family with students enrolled in ISD200.

Light weight, kid friendly, nonperishable food will be donated, put into plastic bags, and delivered to each school. A typical bag would have single serving meals for breakfast and lunch/dinner. At the elementary level bags will be distributed to your child’s lockers or backpacks on Monday (Cohort 1), or Thursday (Cohort 2). At the secondary level (and ALC) students will pick up bags in the counseling office. Tilden students attending school onsite will bring them home that afternoon.

Arrangements will be made with HOA students on an individualized basis.

As part of the program enrollment, each year at the start of the school year a district school social worker will contact each family to explore any additional basic needs (school supplies, clothing, county support, etc).

Confidentiality: No identifying student information is on the bags of food. Only the persons delivering/distributing the food packs will have the names of the students participating and will keep them confidential. This may include Food 4 Kids support staff at other buildings as needed.

If your family is in need of food and would like to receive the weekly food packs, please either fill out the form below and email to your teacher OR call your child’s teacher to give verbal permission.

Questions? Please contact
