

Rivertown Fishing and Boating Directions

Enter Prescott on US-10 from the West, over the lift bridge, and then turn right at the traffic lights on to Wis-35

(Great River Road).

Turn right at the next intersection on to Orange St. heading towards the Mississippi River.

Turn left on to Front St. N. that parallels the railroad tracks.

Make a jog to the right over the tracks, and then to the left on to 2nd St. (in front of the large Condo complex).

Proceed past the Prescott public boat launch into the Miss-Croix Yacht club area, past the two large blue buildings

and immediately turn right making a large U-turn around to the other side of this second large blue building. Head

over to the flag-pole and porta- potty and park so you are not blocking the entry to the gas dock area or blocking

access to any of the boats or trailers parked in the area.

Wait at the flagpole; do not proceed down to the gas dock without a life jacket.
